## 2. Purpose and reason of the Disposal

The Company resolved at the meeting of its Board of Directors held on March 29, 2019, to introduce the Restricted Stock Compensation Plan (“the Plan”) to the Directors of the Company (excluding Outside Directors; the same applies hereinafter) for the purpose of providing the Directors of the Company with incentives to continuously increase the Company’s mid- to long-term corporate value and shareholder value, as well as promoting further shared value with shareholders. At the 65th Ordinary General Meeting of Shareholders held on June 25, 2019, it was approved that, pursuant to the Plan, the Company grants monetary remuneration claims which shall be no more than 100 million yen per year as well as no more than 0.1% of the profit attributable to owners of the parent to the Directors of the Company as the property to be contributed in-kind, separate from the existing Directors’ cash remuneration limitation, and that the total number of shares of the Company’ common stock to be issued or disposed of to the Directors based on the Plan shall not exceed 25,000 shares per year, etc.

Then, at the 69th Ordinary General Meeting of Shareholders held on June 27, 2023, it was approved, to revise the Plan partially, that as the method of granting restricted stock based on the Plan, the Company may use the method in which the Company’s common stock is issued or disposed of as remuneration for directors without payment of cash or provision of contributed assets in kind, in addition to the method in which the Company’s common stock is issued or disposed of in exchange for provision of monetary remuneration claims, and that the transfer restriction period of the restricted stock which is granted based on the Plan shall be a period from the date stock granted to the date on which the Directors retire or resign from the post of director of the Company or other posts specified by the Company’s Board of Directors.

In addition, the Company also introduces the same compensation plan to the Executive Officers of the Company for the purpose of providing the Executive Officers of the Company with incentives to continuously increase the Company’s mid- to long-term corporate value and shareholder value, as well as promoting further shared value with shareholders.

In light of the above, the Company has resolved at the meeting of its Board of Directors held today to grant 20,972 shares of the Company’s common stock (the “Allocated Shares”) to six (6) Directors and twenty-six (26) Executive Officers (the “Eligible Officers”) taking the purpose of the Plan, the business performance of the Company, the scope of the work responsibility of each Eligible Officer and other circumstances into consideration. For the Executive Officers among the Eligible Officers, the Company grants monetary remuneration claims in a total amount of 67,485,378 yen for contributed assets in kind of the Disposal.

### <Overview of Allocation Agreement>

The Company and the Eligible Officers will individually execute the Allocation Agreement accompanied by the Disposal, and the overview of the Allocation Agreement is as follows.

#### (1) Restriction period

The Eligible Officer shall not transfer, create security interest on, or otherwise dispose the Allocated Shares during a period from July 26, 2023 (Disposal date) to the date such Eligible Officer resigns or retires from the

position as the Director or the Executive Officer.

(2) Conditions for cancelling transfer restriction

On the condition that the Eligible Officer continuously serves the position as the Director or the Executive Officer of the Company from the starting date of the restriction period (i) to the date of the Ordinary General Meeting of Shareholders to be held in the following year (if the Eligible Officer is the Director), or (ii) to March 31, 2024 (if the Eligible Officer is the Executive Officer) (collectively the “Service Period”), the Company will cancel the transfer restriction regarding all Allocated Shares at the time of expiration of the transfer restriction period; provided, however, that, if the Eligible Officer resigns or retires from the position as the Director or the Executive Officer of the Company during the Service Period due to death, expiration of term of office, or other reasons deemed legitimate by the Board of Directors, the Company will cancel, at the time immediately after resignation or retirement, the transfer restriction regarding the Allocated Shares in a quantity that rationally adjusted in accordance with the period to the date of resignation or retirement.

(3) Acquisition of Allocated Shares by the Company without compensation

The Company will acquire the Allocated Shares, for which the transfer restriction has not been cancelled under (2) above as of the expiration of the restriction period, as a matter of course, without any compensation.

(4) Management of shares

During the restriction period, the Allocated Shares will be managed in a dedicated account of the restricted stock opened by the Eligible Officers in Daiwa Securities Co. Ltd. so that the Eligible Officers cannot transfer, create security interest on, or otherwise dispose the Allocated Shares during the restriction period.

(5) Measures to be taken upon organizational restructuring, etc.

In the event a merger agreement in which the Company will become the absorbed company, a stock exchange agreement or a stock transfer plan in which the Company will become the wholly-owned subsidiary, or any other matter related to organizational restructuring, etc., is approved in the General Meeting of Shareholders (or if approval in the General Meeting of Shareholders is not required in relation to such organizational restructuring, then the Board of Directors’ meeting) during the restriction period, the Company will cancel the transfer restriction based on the resolution of the Board of Directors immediately before the business day preceding the effective date of such organizational restructuring, etc. for the Allocated Shares in a quantity obtained by multiplying the number, which is obtained by dividing the number of months (i) from July 2023 (if the Eligible Officer is the Director), or (ii) from April 2023 (if the Eligible Officer is the Executive Officer) to the month including the approval date of the said organizational restructuring, etc., by 12 (if this number exceeds 1, then this number shall be deemed to be 1), by the number of Allocated Shares (if any fraction less than 1 share unit arises as a result of the calculation, such fraction shall be rounded down). At the time immediately after the cancelling transfer restriction, the Company shall acquire the Allocated Shares for which the transfer restriction has not been cancelled, as a matter of course, without any compensation.

3. Basis of calculation of paid-in amount and specific details thereof

The portion of the Disposal, in which the Executive Officers are Scheduled subscriber, will be carried out with the monetary remuneration claims to be paid to the Executive Officers as the contributed assets in kind, and the amount paid per share is 7,809 yen, which is the closing price of the Company's common stock on the Tokyo Stock Exchange on June 26, 2023 (business day preceding the date of the resolution of the Board of Directors), in order to adopt a price that excludes arbitrariness. This price is the market value immediately preceding the date of the resolution of the Board of Directors, and is a reasonable price that properly reflects the Company's corporate value in a state where there are no special circumstances under which the foregoing price is not relied upon the most recent stock price, and does not fall within a price that is excessively advantageous for the Executive Officers.
